Hello Premier Team,

Dr. Boutte and Ursula, I just wanted to thank you both for a wonderful experience at your exceptional facility. Ursula you were so great with assisting me from day one and I appreciate your continued support. I thank you for such great customer service and for having such a great rapport. I truly felt like family instead of a patient.

As for the results, they are amazing. I will not lie; at first, I thought you were evil to put me in such a contraption Ursula (the body suite). I thought a man that didn't like women with curves created it and that it was pure evil. However, Dr. Boutte's words stayed in my mind "hang in there and you will see your investment pay off". It has been just over a week now and I thought I would never ever use that 3rd row of hooks but here I sit, buckled away on the 3rd row. It is not uncomfortable any more and I see amazing results already.

Thank you again and God Bless!

P.S. Ursula I think I need a smaller body suite, as I said I'm already on the 3rd row ☺

Sincerely a **very** satisfied patient,

V D

One more thing, a good friend of mine will be contacting you since all I do is brag about ya'lls outstanding work. Her name is JK....Ursula please take good care of her.

Hello Dr. Boutte' and Ursula.....

I just want to say THANK YOU so very much for the wonderful experience we shared during our separate visits. Never have I enjoyed going to the doctor's office so much :-))!!!! I feel bad, but I honestly didn't want AH's procedure to end yesterday b/c I was enjoying every moment and every topic of our "girl talk"; just an interesting and inspiring conversation full of a wealth of knowledge and laughter!!!!

You ladies are the best!!!! Ursula, you are so very fortunate to work for Dr. Boutte'. She is the kind of superwoman I am aiming to be like when I grow-up ;-). I don't know how it is outside the eyes of the public, but from my standpoint, you can't ask for a better work environment... just so professional, happy, clean, entertaining, powerful, and comfortable. I know each of you work hard everyday, changing lives and making people feel good about themselves, but you're just so lucky that you're about to do that by working a princess Tiana instead of the more common cruella deville :-). Just awesome!!!!

Okay, that'll do it for my rambling... I tell you, I can talk more with my fingers than my mouth if you let me. Again, thank you so very much for everything. I look forward to nourishing our newly found friendship. Until we meet or chat again, take care and God bless.

P.S. Dr. Boutte', I tried to find Mr. Dee's book or him for that matter on the internet so I can read more about his successes. I 'm obviously spelling his name incorrectly. I f you wouldn't mind spelling-out his name, it'll be most appreciated.

P.S.S. Please thank Ms. Cleo for all her assistance, too... HAPPY BELATED BIRTHDAY, Ms. Cleo!!!!

AH's doing great this morning... leaking fluid, but that's a good thing.

Thank you!

TH & AH
